

ABOUT US

INGREDIENTS

We include only the finest and most organically grown ingredients possible to create a unique blend of flavors in all our sauces. From our Calabrian Sausage to the very flour we use to make all our doughs and pastas, many of our ingredients are imported from our namesake, the Calabrian region of Italy.

PIZZA

Handmaking all our dough, we utilize the finest imported flour and an ancient method of fermentation to create the perfect Napolitana-style crust. We boast a number of house-made sauces, including our Signature Sauce, a timeless Jensen family recipe!

We hope you enjoy your meal as much as we enjoy serving you!

WOOD OVEN

Built by craftsmen and imported from the Tuscan region of Italy, our Mugnaini wood-fired oven uses its handcrafted firebrick surface to bake each pie at nearly 1000 degrees to achieve the perfect finished pizza, every time!

PASTA

From start to finish we take advantage of only the finest ingredients and, just like our pizza dough, every ounce of our pasta is handmade right in our very own kitchen. We then pair these pastas with carefully crafted sauces to create a difference you can taste!
